American Institute of Constructors

Constructor Certification Commission Document No. 11

Examination Administration Procedures

Introduction – There are two categories of certification examination sites. The first are Kryterion Testing Centers and the second are those at educational institutions and other entities approved by the Commission. For the first category, the administration of both certification examinations is conducted by Kryterion Testing Centers in accordance with its manual entitled “Kryterion Testing Network Kyterion Testing Standards” which has been reviewed and approved by the Constructor Certification Commission as meeting its Policies on testing.

This document contains the procedures to be followed by all examination sites falling into the second category administering the CAC examination in a site-proctored environment using either a paper/pencil or online examination. Since some of the specifics of administering the CAC examination in a paper/pencil format will differ than using an online format and some are the same, unless noted otherwise in this document, the procedures will be the same

Before the Examinations

Checking Examination Materials

Examination testing materials are shipped about two weeks before the date of the examination. When you receive the shipment of test materials from the CCC, please check the contents against the shipping slip to be sure everything is correct. The shipping slip will tell you how many of an item is in the package.

All Testing Sites should receive the following documents in their shipment. The Shipping Slip will indicate the quantity of each. SAVE THE BOX CONTAINING THESE MATERIALS FOR A RETURN SHIPMENT AFTER THE EXAMINATION.

- Examination Booklets – not for online examinations
- Examination Exhibit Booklets
- Answer Sheets – not for online examinations
- Candidate Comment Forms – not for online examinations. Candidates can make comments online
- Examinee Surveys
- Proctor Surveys
- Incident Report Forms
- Late Candidate Contractual Agreement Forms
- Proctor Agreement Forms

Check shipments of test materials within 24 hours of receipt to verify that the full shipment has arrived and is free from tampering or damage. Please report receipt of test materials and any irregularities to Brandon Pezzino at 856-424-7222, ext. 325 or email at bpezzino@Talley.com.
Test Security

Security of test materials is the single most important factor for any professional testing program. It is the chief responsibility of the Examination Site Administrator to safeguard all test materials from the time of receipt until they are returned. Tests must be kept in a locked, secured area.

The examination materials are confidential. No one is permitted to review them except the candidates at the time of the testing session. Copying, transcribing, or removal of test materials is strictly prohibited. Any breach of security must be reported at once to Brandon Pezzino at 856-423-7222, ext. 325 or email at bpezzino@Talley.com.

All examination materials must be returned in accordance with procedures outlined in this document, preferably immediately after the exam or the next feasible workday.

Every proctor should read and sign the Proctor Agreement Form. Please make copies of the form if more are needed.

Proctors

Use the following table to determine the minimum number of proctors needed:

- 1-25 candidates - 1 proctor
- 26-55 candidates - 2 proctors
- 56-85 candidates - 3 proctors
- 86-115 candidates - 4 proctors
- >115 candidates – 1 additional proctor for each additional 25 candidates

Proctors should be highly visible during the entire examination. They should walk around the room frequently to guard against cheating, the copying of questions and answers, the removal of any pages from the test booklet, when used, and other irregularities. All irregularities must be noted on the Incident Report form.

The Constructor Certification Commission requires that all proctors be trained in their examination responsibilities before the testing date. The proctor training can be arranged by contacting Brandon Pezzino at 856-424-7222, ext. 325 or email at bpezzino@Talley.com.

Candidate Rosters

A preliminary roster of candidates scheduled to sit for the CAC examination at your Test Site will be provided in the shipment of testing materials. The Examination Site Administrator should review these rosters as soon as possible after receiving them to be sure that all of the names appear on the roster correctly so no names are missing. In the case of missing names or names of unknown individuals, the Examination Site Administrator should contact the CCC. The roster will also indicate the date, time and campus location for the examination. Please review this information for accuracy and report any discrepancies to CCC immediately. An updated roster will be emailed to Examination Site Administrators at least 48 hours before the examination.

Pre-Exam Checklist

Examination Site Administrators should check the following:
1. When test materials arrive contact CCC to confirm receipt, and/or report and missing or damaged items
2. All test materials are stored in a safe, secured area prior to testing day
3. Site location rosters have been checked for accuracy; candidate names, exam location, reporting time, etc.
4. Any roster discrepancies are reported to CCC immediately

- Candidates must obtain permission to leave the examination room for a restroom break during the actual testing time by raising their hand. They must turn in their test booklet and answer sheet for paper/pencil examinations or surrender their computer for online examinations along with their cell phone before leaving the room. Only one candidate will be permitted to leave the room at a time. Note should be made on the Incident Report form if any candidate is out of the testing room for any unusual length of time

- If a candidate completes the examination early and leaves the examination room, the candidate will not be allowed to re-enter the room until after the current session is complete
Examination Administration Details

- Do not directly accuse any candidate of cheating. If cheating is suspected, have another staff person verify your suspicion. If verification is made, move the candidate to another seat. Note the candidate’s name and ID Number on the Incident Report form along with the names and ID Numbers of all other involved candidates. The Candidate ID Numbers can be found on the candidate roster provided prior to the exam.

The number on the defective booklet and the replacement booklet should be noted on the Incident Report form.

Candidates should be advised to answer the exam question to the best of their ability and then note their concern on the Question Comment form for paper/pencil tests or the comment section for the online exam. When using Question Comment forms, they should be distributed at the start of the morning session, secured during the lunch break, and collected at the end of the afternoon session. Question Comment forms are double-sided; candidates can use one side for morning and the reverse for afternoon.

- Candidate ID Numbers are listed on the Examination Roster for candidates who do not bring their Admission Notices. They should be allowed to test as long as they are included on the candidate roster.

- If a candidate becomes ill and has to leave the exam, note the candidate’s name on the Incident Report form. In the case of a paper/pencil exam, make sure that you tell the candidate that the answer sheet will be scored and the score reported to both the candidate and entered into the Constructor Certification Commission’s records. Or in the case of an online exam, make sure you tell the candidate to submit their exam for scoring, and the score will be reported to both the candidate and entered into the Constructor Certification Commission’s record.

- Examinee Surveys are completed online after the examination.

- Examination Site Surveys should be completed by the Examination Site Administrators and proctor(s). Please return the Examination Site Surveys with the examination materials.

**Clear your desks of everything except your pencil and Admission Notice. Cell phones, and all other electronic devices, must be shut off and put away at this time. No one will be**
permitted to receive or make phone calls while the examination is in session. If you need to use the restroom, you must first leave your test booklet, answer sheet, comment form, and cell phone with the Examiner. Scratch paper, reference materials, etc., are strictly prohibited. Be sure to use only a Number 2 pencil throughout this examination. No pen or markers of any kind are to be used. If you did not bring a pencil or if it breaks during the examination, raise your hand and you will be given one.

I will now distribute the answer sheets and comment forms. Do not make any entries on the answer sheets until I tell you to do so.

Distribute the CREAM answer sheets and comment forms to candidates. Then say:

In the space provided on the answer sheet, print your last name then your first name and then your middle initial. Leave a space in between each. (Pause)

Next, where the words “ID NUMBER” appear, enter the ID Number printed on your Admission Notice into the row of empty boxes on the answer sheet. (Pause)

Sign your name in the space provided. (Pause)

The comment form can be used to submit comments about specific questions on the examination. The same comment form can be used for both the Morning Session and Afternoon Session of the examination. Comments related to the Morning Session can be written on one side of the form and comments related to the Afternoon Session can be written on the reverse side. Be sure to write the respective Form Number in the spaces at the top of both sides of the form. Comment forms will be collected at the end of each Session.

There is a number in front of every choice. For each question, notice the number in front of it. On the separate answer sheet, find the row corresponding to the question you are answering. In that row, blacken the space in the oval with the number that is the same as the one in front of the answer you choose. Be sure to fill in the oval completely.

This examination will be scored by machine, so be sure that your answers are on the separate answer sheet and NOT in the test booklet. Make your marks heavy and black by pressing down hard on your pencil and going over the mark two or three times. If you make
a mistake, erase completely the answer you wish to change. Use only a number 2 pencil in marking the answer sheet. Any scratch work should be done directly in the test booklet. Make no stray marks on the answer sheet.

You will have a total testing time of four hours, so you should have time to work on every question. Try to answer all the questions. If you are not sure of an answer, guess. Make certain that all requested information is included on the answer sheet.”

Now, read the AFFIDAVIT OF NON-DISCLOSURE on your test booklet to yourself. After you have finished, please print and sign your name and enter your ID Number on the line provided. (Pause)
